December 13, 2016 -

The multipurpose, 5-blade kitchen shear from Jenaluca is ranked among the top selling and most reviewed culinary gadgets on Amazon.com. Currently ranked at number three under choppers, within the category of ?kitchen and dining utensils,? the herb scissors is quickly approaching 1,000 reviews and has an average rating of 4.7 out of 5 stars.

As of December 9, the herb scissors reviews stood at 991, with 86 percent of all reviewers giving it a full five star rating. Amazon.com uses a five-star rating system to help shoppers find items that have been considered value for money by previous users. The high rating and numerous reviews for the multi-blade kitchen shear means that the vast majority of users are satisfied with its performance.

?I'm kind of picky when it comes to giving something 5 stars but this tool is worth every one of those stars. I received it the other day and today was my first use and I can tell you it works and it works very well,? said Sandra Farrar, a verified Amazon reviewer.

Made from heavy duty stainless and soft-grip TPR for its handles, the herb scissors are designed to make preparing herbs and seasons quick and convenient. The product allows home cooks and professional chefs to reduce the time it takes to prepare some dishes, as well as maintain the integrity of chopped ingredients. The scissors cuts five times as fast as using a chopping knife and results in perfectly-sized pieces for salads, dressings, and other dishes. Shoppers also attested to the product?s ability to cut other items, such as meats and vegetables.

In addition, the kitchen shear is easy to keep clean and store. It is sold with a convenient cleaning comb, which removes debris from between the blades and acts as a protective blade cover when the herb scissors is not in use. The scissors can also be rinsed with water and washed in the dishwasher.

Jenaluca?s herb scissors reviews are increasing daily as the Christmas season approaches and many shoppers are considering it for gifts. It is currently available on Amazon.com and comes with an unconditional lifetime guarantee.
