

Disaster Response Team Continues to Provide Service to Florida Residents

December 13, 2016

December 13, 2016 -

For the several decades, the Disaster Response Team in Panama City, Florida is eager to continue its restoration services to any residential and commercial building in the city and other surrounding areas. The team, that was established since 1964 has a firm goal in providing the best restoration, clean up or reconstruction service for its clients. The response is building up more approaches that are effective in order to offer an extensive service to most Florida residents.

As part of its strong goal and dedication in serving the Northwest of Florida, the Disaster Response Team makes a great effort in improving the services it has for the clients. These include Water Damage, Fire and Mold Damage Services in Panama City. All the highly qualified workers are being trained in order to provide an effective result most of the time. Aside from these, services that pertain to biohazard or hazmat cleanup and Storm cleanup are closely observed and made more efficient by adding additional restoration tools and equipment.

The Disaster Response Team is part of the Disaster Kleenup International (DKI) network. This allows the company to serve more local residents as possible. This is done by giving the Disaster Response Team a

high standard of equipment services that is a big help in restoring damaged homes and buildings as well as reconstruction of commercial buildings. With this function, the company is full of determination to strengthen the services it has for the past decades.

In hearing this continuing goal, many residents in the northwest part of Florida are happy and grateful for the upcoming services of the company. This will surely be a successful as the response team had done significant and successful services before. The Florida residents are hopeful that they don't have to worry about restoring their home in case a fire or flood happens because the response team led by Mark Broersma and Mike Barr will assure of a fully restored home. The company guarantees that there will more effective processes and services will be made for all the residents.
