TRU Lite Bedding's premium protective products have been added to the 2016 edition of the Party of Four Holiday Gift Guide. The products, which are currently available on Amazon.com, include TRU Lite's Waterproof Cotton Mattress Protector, Smooth Mattress Protector/Bed Cover, Bed Wetting Pad, and Baby Crib Mattress Protector.

Party of Four Launched its Gift Guide in November and has since added a variety of products for people who are seeking suitable gifts for the holiday season. The blog, which is owned by mommy blogger Kelly Leto, offers reviews and information on a wide range of items that are ideal for use in and around homes.

TRU Lite Bedding's products were included due to their performance on Amazon.com, where they have received a high level of positive feedback from shoppers. The Waterproof Mattress Protector, for instance, has been reviewed more than 800 times and averages 4.6 out of 5 stars. Also, the Bed Wetting Pad has been reviewed 100 times, with a 4.5 star rating, while the Baby Crib Mattress Protector, which has been

reviewed 34 times, has a near-perfect 4.8 star rating.

The products have been able to maintain high ratings due to their designs and features. They are made from premium materials, including soft cotton, microfiber, and bamboo fabric, and are reinforced to protect mattresses from a variety of liquid damage. These include spills, urine, oils, and bodily fluids. They are also useful in preventing the accumulation of dust mites and bacteria, and are breathable and hypoallergenic. Additionally, they are free from harmful materials, such as vinyl, phthalates, and PVC, making them safe for use by both adults and children.

The inclusion of TRU Lite Bedding's line of premium mattress protective products comes as the Party of Four blog attempts to help its readers find low cost and affordable, but useful, gift items for loved ones. All products are displayed with links that lead directly to their Amazon pages.
