December 24, 2016 - PRESSADVANTAGE -

Steven Feldman has recently purchased an existing franchise in Holland, OH, which is the Huntington Learning Center. The center is based in the Toledo Metro area. Through the Hunting Learning Center, which provides services in Toledo, OH, the local community will be provided with tutoring services, ACT prep, math tutoring, and more. It should be noted that the center is known not as a learning center, but rather as a confidence building center.

"I'm very excited about my new business venture," says Steven Feldman. "The Huntington Learning Center provides an invaluable service to the community, teaching young people the skills they need to become educated, confident, capable adults. To be able to play a part in this fills me with pride."

The Huntington Learning Center serving Toledo OH offers tutoring in Reading, Writing, Phonics, Vocabulary,

Math, Algebra, Calculus, Geometry, Trigonometry, Science, Biology, Chemistry, Physics, Study Skills, Social Studies, Geography, History, and World History at elementary, middle, and high school levels. They also offer services for test preparation for ACT, SAT, PSAT/NMSQT, Advanced Placement, Regents, State Tests, SSAT, ISEE, COOP, ASVAB, which are college, middle, and high school tests. They can also provide test preparation for other examinations.

Steven Feldman comes with a sales background, but one in which he has always tried to make a difference. Rather than being geared solely towards making profits for businesses, he has aimed to sell people products that they actually need. This needs-based approach is what makes him so excited about his new venture, which is a step outside of what he has been used to. He adds: "At Huntington, we are the leading tutoring and test prep provider. We create individualized programs to help your child succeed. Whether your student is preparing to take on the ACT or SAT, or just wants to practice for the years ahead, our test prep tutoring programs are designed with your child in mind. I want to encourage everybody to like us on Facebook as well. In so doing, they will be kept up to date with any developments at the center."

The center, which operates according to a proven franchise model, has helped thousands of young people meet their academic dreams. Steven Feldman is very proud to now be a part of that.
