December 28, 2016 - PRESSADVANTAGE -

Offers top ranking for its security and dependability since its 2009 launch. Ownership of physical gold and precious metals protect savings from hyper-inflation.

Waco TX: Regal Assets is pleased to announce that it has been named #1 Rated Gold Company seven years in a row. The company offers a number of benefits accrued by owning physical gold in economically uncertain times in order to protect savings from hyper-inflation. A physical gold individual retirement account offers stability and security by providing bullion in gold, silver, platinum or palladium. The company has received recognition from the likes of Forbes, Smart Money and the Huffington Post as well as others.

A physical gold IRA is a mechanism for diversifying an investment program. Regal Assets hopes to be a one-stop-shop for every investor when it comes to physical precious metal investing. The company specializes in helping individual investors to add physical precious metals to their retirement accounts and investment portfolios. Thousands of Americans have been assisted in transferring existing IRA, SEP, 401(k),

403(b) or TSP plan into physical precious metals.

Regal Assets was established by entrepreneur and investor Tyler Gallagher in 2009. From its earliest beginning the company has maintained a simplified, innovative and rejuvenated vision for the precious metals investment landscape. At the end of 2016, the company is considered the most successful gold IRA firm in the nation. INC 500 ranked the company as #20 in the United States in the financial services category.

According to a spokesperson for the firm, "We are the only company in the gold investment industry which has no complaints with the Better Business Bureau, the Business Consumer Alliance and TrustLink. We do not 'push' our clients into inappropriate purchases."

The firm makes a wide selection of gold, silver, platinum and palladium bullion products and rare coins. Investors can access these products outside their retirement or investment accounts. The inventory of coins includes some of the purest and most popular coins from throughout the world.
