Australian Flag Makers Provides Three Year Guarantee of Marquee Frames

December 28, 2016

December 28, 2016 -
The Brendale-based flag makers offer a guaranteed aluminium frame for their custom marquees. The frames are warranted for a full thirty-six months against defects.

Brendale QLD: Australian Flag Makers and Ben Beazley are pleased to announce that their custom printed marquee is made of the highest quality products in order to ensure that it will last a long time. The aluminium frame is lightweight and carries a 36-month guarantee. The 600D poly fabric is designed to provide visibility for the products and services of the company. The frame can be set up in just a few moments and the entire booth is ready for use in a matter of just minutes.

The printed marquees Brisbane-based company is known for its attention to detail. The dye is selected to be resistant to ultraviolet rays of the sun. It is unlikely to fade or crack over time. The colours and graphics are long-lasting and offer marketing support for companies and organisations is any industry. While online marketing is a growing segment of the industry, on-site marketing is an important feature, as well.

Colours are bright enough to capture the attention of potential customers who are passing the location of the booth, whether it is in a parking lot, building, trade fair or corporate event. The customer who notices the lettering, graphics or colours of the canopy and walls are more likely to remember the company when it is time to purchase products sold by the firm, or to retain the services of the organisation.

When the firm wants to change the lettering or colours of its marquee, a new covering can be ordered separately from the frame. This provides for a more versatile advertising campaign, and one which can last for many years. The printing can include letters to support a product, location, company or other feature that the business or organisation wants to promote. The lettering and colours will catch the attention of the potential customers and direct it toward the company or products of interest.
