

Perkins Preferred Roofing Recognized As Number One In Roof Repair In Houston

January 06, 2017

January 06, 2017 - PRESSADVANTAGE -

Perkins Preferred Roofing, a company in The Woodlands, TX, has announced with pride that they have been named #1 roofing company in Houston. Specializing in insurance claims and financing for all their clients, the company sets itself apart by catering not just to the needs of their clients, but by going above and beyond that as well. Hailed for always completing the job the right way, first time, on time, and in budget, it is no surprise that when it comes to roofing repairs Houston TX residents are choosing Perkins.

Matthew Perkins, founder and owner of Perkins Preferred Roofing, says: "We didn't call ourselves 'preferred' for nothing. Since founding the company, the goal has always been to provide our customers with the most reliable, honest, and professional service when it comes to their roofs. It is wonderful to be recognized for this, and we will repay that by continuing to go above and beyond our customers' call of duty."

The reviews left about the company also demonstrate why Perkins Preferred Roofing is the perfect option when finding the best metal roofing company around. "Blown away by the customer service, and how cordial and passionate these people were about Houston Roofing," says Garrett L. on the company's Facebook page. "Very impressed will be referring Perkins Roofing for sure."

There are numerous roofing companies in Houston and each year, when violent storms happen and properties are damaged, there is a substantial increase in the number of companies offering roofing services. Perkins Preferred Roofing, however, has been around for many years, during which time they have been able to build a solid reputation as being the best.

Their strong focus on customer service also sets them apart from other companies. Additionally, they work very hard to have all the relevant qualifications and certifications, such as membership of the Roofing Contractor Association of Texas, Winterguard, and GAF. Maintaining these credentials is just one element of the company's continued commitment to excellence, which makes it one of the best roofers in Houston.
