December 30, 2016 -

Troy Warren, the Host of LetsTalkBusinessRadio.Com, announced today it will start airing January 7, 2016 on Chicago WIND 560 AM Talk Radio. Let?s Talk Business Radio is rolling out its Local Business interview series conducted with co-host Michael J in an effort to expose top rated businesses within the Chicago area.

Warren commented, ?Especially in the worst economy our country has ever known, going into 2017, our interview series will help local Chicago businesses tell their story and expose their goods and services, while at the same time Chicago consumers can gain confidence in conducting transactions with these top rated Chicago local businesses. This creates a thriving ecosystem where all parties win.?

These local Chicago businesses participating in the interview series will also be referring exclusive deals people won?t find anywhere else in Chicagoland. The deals are incentivized and come with an equal amount of Gas & Grocery rebates. These rebates are very useful because everyone is putting the nozzle in the

tank and going to the grocery store, Warren says.

Let?s Talk Business Radio is rolling out eBarterExchange as part of its network where businesses and consumers alike not only get the best deals, but also participate in the Gas & Grocery Rebate program and earn significant rewards to shop in the eBarterExchange network on items they normally would have paid cash for.

Chicago eBarterExchange Co-Ambassador Hermien Arcilla said, ?I am very excited to introduce the Chicago business owners to a proven advertising model that hits a bulls eye on their target 100% of the time.?

Let?s Talk Business Radio is headquartered in Evanston, IL. Dione Balingit, VP of Operations said, ?The first quarter of 2017 we?re preparing for servicing over 50 Marketplaces across the USA.?

Additionally, Let?s Talk Business Radio is starting interview series for local business owners on KKNT Phoenix, KTTH Seattle, KQTH Tucson, WMEX Boston, KDWN Las Vegas as well as many other metropolitan areas coming soon.
