Queens-based area rug cleaning firm offers top notch experience which comes from years of business activities in the area. The firm was established in 1980 and has been offering quality carpet cleaning since.

Queens NY: Area Rug Cleaner Queens is pleased to announce that the professional team has been operating since 1980 in the Queens, NY area. The company professionals are experienced and knowledgeable about the latest methods and products which bring clean and odor-free results to area rugs, carpets and upholstery. There is still time to ensure that area rugs, carpets and upholstery are clean for holiday parties, dinners and other events. Whether a single room of the entire house needs cleaning of the area rugs, carpets or upholstery, the Queens firm is ready to respond quickly and professionally.

The rug cleaning Queens professionals have an outstanding number of successful customers and completed cleaning efforts. There are more than 52,000 satisfied customers and 4,102 carpets cleaned. In addition, the firm has completed cleaning tasks of 3,236 area rugs. The cleaning team is proud of this record which has been accumulated over the decades in service.

According to a spokesperson for the firm, "Our work for customers begins with a careful review of the rug to determine its condition. We check for discoloration facing and stains and any damage that is present. This allows us to determine the steps that we can take to clean the rug or carpet and the methods which help to ensure a clean and fresh rug or carpet. Our methods and products are the latest and best in today's market."

In addition to clean carpets, the company technicians will include free deodorizing with a two-room cleaning project. For customers who need dining room chairs cleaned, a free Scotchguard application will be offered when the order includes a minimum of six chairs cleaned.

The company offers its experience and knowledge to both residential and commercial customers. Winter weather is hard on carpeting and area rugs. The Queens firms helps to clean and restore carpets to optimum condition.
