January 09, 2017 - PRESSADVANTAGE -

ChattanoogaCarpet.Cleaning offers quality services and products to area homeowners and businesses. The website is the result of combining and rebranding of CarpetCleaningChattanooga.com and chattanoogacarpetandtile.com.

Chattanooga TN: Chattanooga Carpet Cleaning and Mark Napier are pleased to announce that the company websites of CarpetCleaningChattanooga.com and chattanoogacarpetandtile.com have been combined to become ChattanoogaCarpet.Cleaning. The information about the rebranding can be found at <https://plus.google.com/102937265479852659640?hl>. The firm is a local cleaning company which has the knowledge and experience to quickly and thoroughly clean the business or home. The team of professionals are known as pioneers in many steam-cleaning techniques. The methods will help to extend the life of the carpeting.

The adjustment in branding is intended to better portray the many services and products which are available from the cleaning firm. The professionals who are hired to clean carpets will pre-vacuum and do spot treatments as required before proceeding with the advanced hot water extraction methods. This ensures that there is a very thorough clean. The company technicians get to the base of carpet fibers and eliminate the particles which pollute and air in the home. Cleaning tasks can be done on-site or at the facility.

The company is skilled and experienced in a wide range of services related to carpet, rug and upholstery cleaning in the Chattanooga area. The technicians have the knowledge and experience to clean carpets and upholstery quickly and effectively. Hot water extraction is the industry standard process, also known as steam cleaning. It is effective for carpets, upholstery and fabric, restoring beauty and vibrancy of the furniture and extending the life of the piece.

Additional services available from the company include tile and grout cleaning as well as clean-up for water damage. The team offers carpet stain removal, particularly useful when there are pet stains and odors in carpeting and upholstered furniture. The company experts are able to provide carpet repair services in the

Chattanooga area. Carpet gets lots of foot traffic and will show signs of wear unless the repair services are used to bring the carpet to like new condition.
