

Anik Singal Launches New Mini Course In Digital Publishing

May 19, 2017

May 19, 2017 -
Anik Singal with Lurn has announced a new mini course for those interested in digital publishing. Singal states that the free course will run for 10 days and it will explain how to turn digital publishing into profit.

"People are looking to make money," says Singal. "Our course is designed to show you how I turned my passion on digital publishing into a very profitable business and with nothing to my name but my laptop and some time."

Singal with Lurn.com has more than 13 years of experience in making money online and states that he has learned in that time how to create and build a very profitable digital publishing business. He says that the new course is designed to show others what he has learned and to help them to take that information and make their own online revenue.

"Digital publishing is a great way to begin earning money online," Singal states. "It's actually one of the easiest ways to begin seeing a profit, and most people don't even know what it means to get into digital publishing. My hope is that this new course will give you the information you need to know what you should

do to begin making money from wherever you want to work."

Anik Singal developed Lurn, a community of digital publishers, to exchange information on what actively works for product creation and online marketing. He states that information changes almost on a daily basis in the industry and the goal of Lurn is to provide the most updated information possible for those looking to begin a career in digital publishing. Members of the community gain access to new training on a monthly basis to help them to stay updated on the latest trends in the industry, as well as a team of highly trained coaches which includes a number of top performers in the world of digital publishing.

Those interested in learning more about the free 10 day course or any of the courses offered by Lurn can visit the company online or go to https://twitter.com/aniksingal to learn more about Singal and his credentials.
