

Des Plaines Home Inspection Company Extends Guarantee To All Pre-Mortgage Customers

January 27, 2017

January 27, 2017 - PRESSADVANTAGE -

Home Inspection Geeks Inc. near Chicago, Illinois, is proud to announce that it will be extending InterNACHI's Buy Back Guarantee to all of its pre-mortgage customers. The company started using this program on a trial basis at the beginning of August 2016 and now has decided to continue using it for the foreseeable future for Des Plaines home inspection customers.

InterNACHI's Buy Back Guarantee allows clients to have their recently purchased home bought back by InterNACHI if any issue arises after the home inspection that was missed by one of the home inspectors. This means that the home will be bought back for the original price if the problem encountered was not mentioned during home inspection and as long as the issue is reported within 90 days of closing.

"This gives our clients unprecedented peace of mind when purchasing their future home or investment property," says Timothy Wojnar with Home Inspection Geeks.

Wojnar says that customers requiring a Chicago home inspection can contact the company to learn more about the program, which is designed to help home buyers have better confidence in their decision to buy.

The company states that peace of mind is important when people purchase anything, more importantly so with a major life purchase such as a home. Wojnar says that this is particularly important for first time home buyers who may be a bit confused at the overall home inspection process.

"Our goal at Home Inspection Geeks Inc. is to make the home inspection process better and to give our clients maximum peace of mind with their real estate investment," Wojnar says.

Home Inspection Geeks is offering this guarantee for Chicago and Mount Prospect inspection services with all pre-purchased inspections. Wojnar states that this is just one of the many ways that the company is accomplishing their goal of making the home inspection process less frustrating and less worrisome for those who are currently buying a home. He states that anyone interested in learning more about the Buy Back Guarantee can visit them on their official website to learn the specifics of the program and to schedule a consultation with the company for an upcoming home inspection.
