

## **Hottie Hair Reveals Halo Hair Extensions Product Launch**

*January 25, 2017*

January 25, 2017 - PRESSADVANTAGE -

Hottie Hair offers a new addition to their product line. The Halo Hair extension is a fun, innovative and unique product which is simple and quick to use.

Las Vegas NV: Hottie Hair and Michael Frehner are pleased to announce the launch of a new hair extension product. The Hottie extensions consist of a miracle wire halo placed on the top of the head. The wearer's own hair is then pulled through and over the wire base. The product uses 100 percent premium Remy human hair of high quality. It is a fast and simple way of applying hair extensions. The miracle wire halo is a perfect fit for any head.

Halo Hair extensions are available in a wide range of lengths and colors. The extensions are affixed in several ways. Some of the kits include hair, while others consist only products such as tape-in starter kits. This kit includes replacement tape, bond remover and hair extension color ring.

The owner of the website focuses on beautiful professionals, salon owners and others. The website is dedicated to furthering education, income and beauty with the use of hair extensions. The professionals are available to help customers, irrespective of whether they are career pros or beauty business owners seeking maximum success. Assistance in color-matching the extensions is available to customers.

The extension colors range from natural black to pale blond, with a range of lengths to fit the desired style of the wearer. 16 inches, 18 inches, and 22 inches are some of the extension lengths which are available. The extensions add to the thickness, color palette and fullness of the hair styles for daily or for special occasion hair designs. The products are easy and convenient to use.

The website includes a portfolio of images from customers who have taken advantage of the halo extension base and other products from the Hottie line. The designs which wearers apply to the various types of extensions are limited only by the imagination of the customers.
