

Skygold Financial Group Launches The Cashflow Zone Podcast

February 07, 2017

February 07, 2017 - PRESSADVANTAGE -

Skygold Financial Group in Sunnyvale, California has announced the launch of Andrej Kandus' new podcast, The Cashflow Zone - Skygold Business Radio. The company has published three episodes of the new podcast to date, and Kandus states that many more are currently in the works for publication in the near future.

"We wanted to be able to reach people, with the foundational principles of building wealth," says Kandus, founder and principal of Skygold Financial Group. "Each episode contains information and knowledgeable guests that will help consumers understand how to protect and grow their wealth for the future."

The three episodes currently available for listening can be accessed on iTunes and libsyn. Kandus states that each episode is dedicated to a unique topic, all work together to help consumers better understand how money works. Future episodes will periodically feature local attorneys and CPAs discussing strategies to protect their wealth and reduce taxes.

In the first episode, Kandus discusses what makes his company unique and how his background has

prepared him to help others build their own wealth. Episode number two covers the importance of not losing money because of unnecessary taxes, because Kandus feels tax efficiency is a core financial principle for wealth accumulation.

"My experience as a business owner has taught me how to meet the needs of others who are in business for themselves," Kandus states. "I am well-versed in a number of business consulting strategies, and know which work and which do not."

Skygold Financial Group specializes in innovative strategies and helps business owners to reach financial freedom by offering insights into debt elimination, cash flow management, and lifetime streams tax advantaged income through the use of advanced life insurance strategies. Kandus states that the company's goal is to teach listeners the principles of building wealth so that they can determine if the firm is right for their needs. The firm provides consultations to clients on a number of topics and can help them to better prepare for their financial future.
