PromoTech Marketing Updates Local Vape Shops Website To Benefit Vaping Store Businesses

January 31, 2017

Golden Valley, Minnesota - January 31, 2017 -
Minneapolis, Minnesota based PromoTech Marketing announced recently that they have updated a newly designed local vape shops website in order to offer benefits to local vaping stores. The company states that shop owners are now able to add their business information to the store locator.

"Shop owners can now add their information to the Versatile Vape Shop Directory and get their first 30 days free," says Jeff Mork, founder and operator of PromoTech Marketing.

Mork states that after the 30 day free trial, shop owners will pay only $10 per month. He states that vape shop owners can take advantage of their first 30 days and use the system to determine if it will offer them benefits with regards to driving more customers through the doors. He says that the directory offers an advantage for local shop owners because most consumers research local businesses online before they determine which one to use for various needs.

Mork says that vaping individuals tend to ask themselves, "Where do I find a vape shop near me?" and states that this gives shop owners a prime opportunity to garner more local business because individuals will be

able to more readily find their local shops for their vaping needs.

A vape shop owner, Dan M. says, "As a Vape Shop store owner, I find the Vape Shops Near Me tool to be a great way to drive additional traffic to my store front."

Mork says that more often than not, a local area has quality vape shops but local residents have no idea that they exist. He says that while word of mouth referrals are one way to gain customers, it is a much better idea to have an online presence as more and more consumers take to the internet for all of their business researching. Mork states, "You can Google for the 'best vape stores near my location' and get information on all of the shops in your area, which is easy. Shops need to realize how easy this is for consumers and take advantage of this directory."

Vape shop owners interested can learn about the vape shop directory by visiting PromoTech Marketing online.
