

Disaster Response Team Reaches Out to Community Following Weekend Storms

January 30, 2017

January 30, 2017 -
Panama City, Fla. ? Disaster Response Team, a leading restoration services company in Panama City, FL, is stepping out in the community to help those in need after this past weekend?s storms. After a crazy weekend of rain and heavy winds, DRT is prepared to make storm damage a thing of the past.

Thanks to Florida?s fluctuating weather, Panama City has once again experienced a severe storm. As always, storms lead to water and roof damage, and this time the city got a heap of it. So, for the foreseeable future, Disaster Response Team is urging those with homes and businesses affected by storm damage to reach out so that they may assist quickly, and efficiently.

?The longer we wait to clean up and repair these issues, the worse they will get,? owner Mark Broersma said. ?It?s the nature of Florida to bring storms our way but that?s why we train so hard in our industry to deal with crises both large and small.?

Roof damage, business destruction, or even flooding issues can all be maintained and fixed by the water damage, fire damage, and mold damage services company in Panama City, FL. Disaster Response Team

only wants to ensure that businesses in the area can get back to completing daily objectives and residents in the community can get a firm grasp back on their normal lives. "DRT will even collaborate with your insurance company to get you back on your feet, so if you or your business has been affected by last weekend?s storm damage, don?t hesitate to reach out," Broersma stated.

?We?re going to do whatever it takes to get the people in Panama City back to their everyday lives,? Broersma said. ?We?ve never been the type of business to let a storm slow us down.?
