*February 01, 2017*

February 01, 2017 - PRESSADVANTAGE -

Staten Island Carpet Cleaner Company offers reliable mattress cleaning techniques for homeowners in the area. The professional team ensures that after their cleaning it provides a bed and mattress free from allergens and biting insects.

Staten Island NY: Staten Island Carpet Cleaner is pleased to announce that the company professionals have the knowledge and equipment to provide clean beds and mattresses at affordable prices. A good night's sleep on a clean and allergy-free mattress is a way to ensure better daytime functioning. Many people do not realize the amount and type of dirt and organisms which can build up in a mattress that otherwise is comfortable. The top professionals at Staten Island Carpet Cleaner can provide the tools and procedures to remove organisms and dirt of all types of mattresses.

The team at carpet cleaning Staten Island pros offers mattress cleaning based on modern methods and practices. All services are organized according to the priorities and demands of the customer. The work is done according to high quality standards in less time. This service ensures that there is hassle-free cleaning services for Staten Island customers. The firm has been offering its services for more than two decades.

The professional cleaning team has the education and experience to clean mattresses correctly. The only products used are 100% natural. The Green techniques and products are effective in eliminating harmful allergens, dust mites, bed bugs, pollen and toxins from the mattresses they work on. The cleaning services are provided in Staten Island and nearby communities. The variety of affordable cleaning choices for home or office add extended life to mattresses.

According to a spokesperson for the company, "Our main focus is the removal of allergies from your home. Staten Island has become the main hub for the conditions such as asthma. All these issues are because of the dust and dirt accumulation from the outside. Mattress cleaning is important, because it is a place which holds germs and pollen. The specialized crew of 15 members are knowledgeable and experienced. We clean the mattresses, but also the upholstery, carpets and rugs are cleaned according to organic approved

standards."
