March 09, 2017 - PRESSADVANTAGE -

Since its initial launch a few years ago, Mojo Global in Scottsdale, Arizona, has consistently received positive reviews from clients. The company provides lead generation software that enables customers to reach new potential customers and subscribers, and the software is designed to streamline the process and make generating leads easier and more effective.

Mojo Global was recently awarded the "People Love Mojo Global on Yelp!" Award for 2016. Mojo averaged 4.5 out of 5 stars for the year. According to Yelp, this award only goes to the most highly rated and most reviewed business of the year, and was based on the number of Mojo Global positive reviews which are posted on the company's website as well as on their official Facebook page.

"It just keeps getting better," says co-founder of Mojo Global, Cory Michael Sanchez. "We receive positive reviews from our clients on a daily basis, and we could not be happier with the outpouring of gratitude that we are receiving."

A recent Mojo Global exceptional 5 star review by Nick L. states, "I started using the Mojo Marketer for LinkedIn a little less than a month ago, and it has already transformed my business. I have been getting an average of 40 new targeted connections per day."

Sanchez says that the said review is not uncommon and that most of their positive reviews contain similar stories. He says that clients tell them that most companies over promise and under deliver, but Mojo Global has consistently delivered what is promised every time.

"We aim to over deliver," says Sanchez. "Our goal is to help you to gain customers and increase your business. We know that in order for us to be successful, you have to be successful and that's what we have built our business and all of our products on."

Sanchez states that there are a number of Mojo Global FB 5-star reviews as well as multiple review videos on the company's website. He says that those interested but still hesitant can listen to or read through the reviews to see what real people have to say about their program and how successful it has been for them.
