February 10, 2017 -
Elizabethtown, PA company Grampstr's Pride, which develops biodegradable and eco-friendly cleaning products for RVs and boats, has announced that all of the company's products are now available through Amazon. In so doing, the company has simplified the ordering process tremendously, while at the same time giving customers the safety and security of an Amazon purchase. The company's products can be accessed through https://www.amazon.com/Grampstrs-Pride/b/ref=w_bl_hsx_s_sp_web_9358009011?ie=UTF8&node=9358009011&field-lbr_brands_browse-bin=Grampstr%27s+Pride.

"We want to make sure that our customers are able to get the products they need in an easy, safe, and secure manner," says Joe Chaudoin from Grampstr's Pride. "Choosing Amazon was the logical platform to use for this, due to their fantastic customer service, ease of ordering, speed of delivery, guarantees, and safety. We're happy to see that many of our customers have already started to use the shop."

Through the Amazon store, customers can purchase most of the Grampstr's Pride products, such as Renew (Fiberglass and Stainless Steel Stain Remover), React (Boat and RV Toilet Cleaner and Enzymatic Holding Tank Treatment), Reshine (18% Wash & Wax), and Refresh (HE Concentrated Liquid Laundry Detergent). The company's other products are likely to be added in the near future.

Already, the Amazon shop front is attracting a lot of attention, and various people have discussed how happy they are with the products and service that they have received. People are particularly happy with how well the products work, and that they do not damage the environment, key issues for those who own RVs or boats, as they have a significant environmental impact as it is. "Great product. Cleans so well," says an Amazon customer.

Grampstr's Pride has also engaged in further digital marketing campaigns to widen their customer database. As such, they have launched their Facebook page on https://www.facebook.com/GrampstrsPride/, and people are encouraged to like the page. Doing so will give them the opportunity to remain up-to-date with company developments, be first to know about special offers, get engaged in conversations about the world of boats and RVs, and review their personal experiences with the products.
