

Grampstr's Pride Improves REACT To Address Pet Stains And Odors

February 10, 2017

February 10, 2017 -
RV and boat cleaning product manufacturer Grampstr's Pride, operating out of Elizabethtown, PA, is proud to announce that they have improved the formulation of their popular REACT product to allow it to address pet stains and odors, and more. The product continues to be biodegradable and eco-friendly, but it has now been made to work better than ever before. The new and improved product is available through http://www.grampstrspride.com/products/react-32-oz-enzymatic-holding-tank-treatment.

Joe Chaudoin, spokesperson for Grampstr's Pride, says: "When applied with a sprayer, REACT eliminates pet odors from bedding, upholstery, or carpet. It will also eliminate urine odor from any surface, as well as neutralize vomit and other human or animal waste. These include excrement and fish waste. Our improvements mean that it now even dissolves bird waste on canvas and that it can open clogged drains. These are all issues vital to any RV or boat owner."

REACT has long been one of the company's most popular products, and it is easy to see why. It serves as an all purpose cleaner, made entirely from organic materials. While originally designed for a boat or RV's holding tank, it is now also a multipurpose cleaner, and one that smells very nice. It is quite common for boats and

RVs to have unwanted stains, for instance, due to travel sickness or sea sickness. REACT enables people to clean things up straight away, leaving everything smelling and looking fresh and clean.

"We are very proud of the ease of use of our product in particular," adds Joe Chaudoin. "You simply spray it on a stain, wait a couple of minutes, and then you can simply wipe it off. A lot of people are surprised at how strong and effective it is. And since it is made from organic ingredients only, we know you are going to love it."

Grampstrs's Pride has also become more active on the internet. One way in which they have advanced themselves is by launching their new Facebook page at https://www.facebook.com/GrampstrsPride/. They encourage everyone to like the page to get the word out there. It also gives them the opportunity to join in on the conversation and to ask questions as much as possible.
