

Grampstr's Pride Renew Demo Receives Rave Review

February 09, 2017

February 09, 2017 - PRESSADVANTAGE -

Elizabethtown, PA company Grampstr's Pride is a company that has produced a number of essential cleaning products for boats and RV owners. Uniquely, they have focused on delivering products that are fully biodegradable and eco-friendly. All the products they have created have been positively received, but none more so than their Renew product. The product has received a rave review that is currently available on the Facebook page at <https://www.facebook.com/pg/GrampstrsPride>.

"We really want to thank Alfred for his review of our Renew product," says Joe Chaudoin from Grampstr's Pride. "He highlights exactly what we believe is so special about our products, and we really feel like we are achieving what we set out to achieve when we hear from people like him."

Renew is a Fiberglass and Stainless Steel Stain Remover, as can be seen on the Grampstr's Pride website at <http://www.grampstrspride.com/products/renew-32-oz-fiberglass-stainless-steel-stain-remover>. In the review, Alfred explains how he used the product, and that he was so surprised at how well it worked. Like many others, he found it hard to believe that a product that is biodegradable and eco-friendly is also able to actually work. However, the results left him nothing short of impressed.

Joe Chaudoin adds: "We have created Renew, and all our other products, to be easy to use. Just spray on

and allow to set for a few minutes, then wash off. For more serious stains, a light scrubbing with a light-duty sponge may be necessary. That really is all there is to it."

Grampstr's Pride has recently started a new online marketing campaign as well. As such, they are highlighting the various newly posted videos on their Facebook page where people can gain a greater understanding of the products and how they work. They have also launched a YouTube channel with instructional videos, improved their order process, and started an Amazon store front. All of that have been done in an effort to make it easier for people to access their line of products, to ask questions about how they work, and to receive instructions on how to get the most out of their purchases. The Facebook videos can be viewed at https://www.facebook.com/pg/GrampstrsPride/videos/?ref=page_internal.
