Freedom Travel Gear is proud to be celebrating two years since first launching its online store. The offer is available at https://www.freedomtravelgear.com/products/free-shipping-offer-the-ultimate-travel-wallet?lshst=collection.

Stephanie Jones from Freedom Travel Gear says: "We're so happy to have been in business for two years. During that time, we have offered our customers a variety of different products, but the travel document holder is by far the most popular one. Hence, we have decided to make it available at a special offer for both our existing and new customers. The offer is available for all of the color variations of the document holder."

The product is a travel document holder or wallet for passport, cash, tickets, credit cards, business cards, and ID cards. The holder has been designed by Happy Flight and offers ease of organization designed for stress free, safe, and easy storage. It is fitted with several compartments with zip closure, which aids to enhance overall holiday experiences.

Over the past two years, the company has engaged in an intensive social media campaign, and their Facebook page at https://www.facebook.com/Best-Travel-Gear-Of-2017-1368463993169479/?fref=ts is liked and followed by over 30,000 people. They use this page to share advice and information on travel gear and outdoor adventures. The page is a lively community of people who enjoy discussing travel issues and tips.

Stephanie Jones adds: "We would love to see our product in action. Since it is a travel accessory, we presume it has been all over the world by now. We really look forward to seeing how people have used it, and how much easier it has made their overall travel and holiday experience."

The company is looking forward to many more years in business. The offer is available for a limited time only, so people are encouraged to visit the website quickly in order to be able to take advantage of it. The company is also encouraging people to follow their Instagram page at
