Montreal-based cleaning firm offers residential and commercial cleaning services for customers throughout the Greater Montreal area, the South Shore, Laval and the North Shore. A 100 percent satisfaction guarantee is provided.

Montreal QU: ProPlus-Ménage is pleased to announce that the Montreal firm offers services which are environmentally friendly. The compagnie de ménage makes every effort to build and maintain lasting relationships and trust with customers. Complete satisfaction through quality of service is assured by recruiting only honest franchisees attentive to the needs of customers. Entretien ménager résidentiel consists of environmentally friendly cleaning services. The ecological cleaning products will not erode or damage the customer equipment.

A representative of the Compagnie de ménage Montréal explained, "We consider that you, our client, are at the heart of our activities. This is why we offer you a service that meets your expectations. We offer a 100% satisfaction guarantee. Our commitment to providing our franchisees and cleaning team the best training and measurable cleaning processes allows ProPlus-Ménage to offer our customers the best cleaning services. If you are not satisfied we will redo the work, without charge, and if you are still not satisfied you will be refunded."

The housekeeping service, femme de ménage, is designed to respond to the needs of each particular case and choose the appropriate cleaning products. By using the ecologically appropriate products, there is no impact on the health of the staff, customers and the environment. Attentiveness to the requirements of each customer means treating each request with the care and developing a customized program which takes into consideration the location, cleaning and maintenance needs and the budget.

The company has the necessary insurance coverage to protect its clients. The coverage includes liability of up to \$2 million, accident and breakage insurance and bond and confidentiality agreement. Each employee and franchisee is investigated as an additional guarantee for clients. This background check is a way to

provide peace of mind for each client. The services available include one-time, maintenance and on-going service to large or small premises.
