April 21, 2017 - PRESSADVANTAGE -

Sudhir Choudhrie has announced the release of a new book titled "From My Heart: A Tale of Life, Love and Destiny" which is an inspiring story of family love and human survival. With the intention of offering hope for heart patients everywhere, bringing awareness to organ donation across the globe it has been written by a successful entrepreneur, a philanthropist, and an international best selling author. From My Heart is available in the Amazon marketplace, both as an eBook and in hardcover.

One reader states that it is "an inspiring story of love. This is by far one of the most motivational stories I have ever read."

This book has proven to be very popular since its release, achieving #1 best seller status in multiple categories in United Kingdom and the United States of America Amazon marketplace. It also ranked in the top 5 in France and Germany's Amazon marketplace.

It is a memoir of Sudhir Choudhrie, with the purpose of walking the reader through what the author believes is his greatest achievement - being alive. What's more, it is pointed out that he is living with purpose to focus on

family and personal growth.

Sudhir Choudhrie knows better than most about the meaning of survival against all odds. His story is one of perseverance and survival. Born in India, he has become an internationally recognized figure, renowned for his business successes and philanthropic goodwill across the globe.

Lesser known are the difficulties which he has faced throughout his life, with his, and his family's health. After years of ill health, he had a heart transplant operation just eight months after the death of his beloved brother Rajiv, also from a chronic heart condition.

The book tells the story of his upbringing in a privileged Indian family but knowing since early childhood that the heart he was born with would one day fail him. Along the way, he faced numerous health problems, including a profoundly frightening period of temporary blindness, before finally being given a new heart by the world renowned surgeon Dr Oz.

"This is the moving story of survival, hope and second chances, a story told from the heart," states one reader. "You cannot help but be drawn into this heartfelt tale of love, loss and everything in between."

Sudhir Choudhrie is a pioneering and successful entrepreneur who has played an active role in international commerce, diplomacy, philanthropy and politics. Born and educated in India, Sudhir is now living in the UK and became a British national in 2010. He is married to Anita, and has two children, Bhanu and Dhairya. Throughout his business career Sudhir has established a strong reputation for facilitating the growth of the companies he invests in, helping to broker strategic partnerships and cross border investment.

Following a successful heart transplant operation in 1999, Choudhrie became major benefactor of the Columbia University Medical Center in New York, where a professorship in Cardiology and student lounge have since been established in his name.
