

New Crystal Beach Cottage Rentals In Ontario, Canada, Now Available

March 07, 2017

March 07, 2017 - PRESSADVANTAGE -

Located on the sandy shore of Lake Erie, Crystal Beach, Ontario has become a go to destination for families, couples and groups looking for a great vacation getaway. Holiday Homes Property Management, Inc. in Mississauga, Ontario, has recently announced that they are introducing their newly upgraded Beebalm Cottage which now has a hot tub for guest use. Michael Hubbs, with the company, states, "the summer high season is almost all booked, but there is still availability in the spring season."

"Crystal Beach is a beautiful place to visit," says Michael. "If you're looking to book some time in any of our lovely cottages, we highly recommend securing your vacation getaway now before it's booked up for the entire warm weather season."

"Our Beebalm Cottage Rental Crystal Beach property is a must, for those who are looking forward to relaxing while they are on vacation. We offer a host of amenities and a short walk to the beach," says Hubbs.

The company states, The Garden Cottage Rental Crystal Beach property is nearing its first full season on the vacation rental market and says that spring and early summer vacancies are filling up fast for all of their

rentals.

Hubbs says that the management company hopes travelers will consider their cottages when visiting the area. He states that the cottages will adequately house up to seven people, in Beebalm cottage and up to 10 people in The Garden Cottage. Both of these cottage rentals are closely located to many area attractions and easily accessible.

Hubbs states that the cottages are in the perfect location for those who want to visit Niagara Falls or enjoy some of Niagara Region's best wineries and craft brewers. Most people are aware of the various wineries and tours available but, aren't aware of The Niagara Ale Trail, which, offers 13 of the best brewers in the region and begins just a short distance from the Crystal Beach cottage rentals. The company states, those interested in booking the newly updated cottage can contact them directly or through their official website to get information about rates and availabilities, as well as, things to do in the area.

Those interested in learning more about booking or rates can visit the company on their official website. Hubbs reiterated that travelers who are planning a visit to the area in late spring or early summer should make their reservations now before the cottages are booked for the season.
