March 23, 2017 - PRESSADVANTAGE -

Pasadena, California based company, SF Group, has recently launched a new product onto the Amazon marketplace. The product's Ice Cone Holder has become available through the marketplace.

Vincent Nell with SF Group says, "This holder has 16-holes that can hold ice cream cones to keep them from spilling. It's transparent, so it can be used as an attractive display."

The product, which can be seen at <http://amzn.to/2ncggSz>, is made with the best BPA-free acrylic material, according to Vincent Nell. "This holder is absolutely sturdy and portable," says Vincent Nell. "This stand is heavy enough to stay on spot, and light enough to carry around. It's compact, so it can be stored inside the kitchen drawer."

SF Group designed their Ice Cone Holder to be easily cleaned, simply wipe with damp cloth once and then use dry cloth to wipe once, simple and clean. The company states that their new product can help to hold ice cream cones and customers can eat their ice cream cones while doing other things with their free hands. More can be seen on the company's Amazon seller's page.
