March 20, 2017 - PRESSADVANTAGE -

Ashley Bridget, a business in Fort Lauderdale, FL, is happy to announce their third new hair tie bracelet. The bracelet is currently available on Amazon as well as through the Ashley Bridget website. This item is the perfect fashion accessory and holds elastic hair ties. This is a more chic looking bracelet, similar to the earlier Elastic Cuff Bracelet except that it is thinner.

Scott Hutchison from Ashley Bridget says: "Functionality finally meets fashion. No longer are you forced to sacrifice your style for an ugly hair tie. Dress up that dingy hair tie with a stunning silver, gold or rose gold plated Skinny Cuff Elastic Bangle."

The new skinny elastic holder bracelet is available in three colors: gold, rose gold, and silver plated. It also comes with a gift box and certificate of authenticity. This also makes it very interesting for those interested in gift giving. The bangle is very easy to use. Hutchison adds: "Simply place the cuff on your wrist and wrap the hair tie around the outer circumference of the bangle. Make sure the hair tie is nestled snugly within the crevice. Now the hair tie is tightly secured to the bangle. Go throughout the day worry-free. The elastic hair tie will be there waiting when you need it. This cuff is perfect for the woman on the go."

Ashley Bridget prides itself on creating jewelry for the modern woman. They want to deliver products that are beautiful, but practical at the same time. The elastic holder bangle is a perfect example of this, being both exquisitely beautiful and hugely practical. People regularly report that they find the jewelry release by the company so unique, beautiful, and useful. Besides bangle holders, they also offer chokers, anklets, watches, and more.

The company also prides itself on arranging their fashion jewelry according to themes, each of which has been chosen to improve the lives of individuals. These include braille, relationships, and mindfulness to name but a few. In so doing, they offer people beautiful and practical jewelry, and also the opportunity to feel better about themselves and live a more fulfilling life.
