

# AC Insurance Services Launches Discount Boat Insurance

*March 28, 2017*

March 28, 2017 - PRESSADVANTAGE -

AC Insurance Services is an insurance agency in West Palm Beach, FL. They have become popular by providing customer service that has been lauded by their customers and insurance products that fit the needs of their individual clients. They are proud to announce that they now also offer boat insurance at discounted rates.

"With specialized boat insurance coverage from AC Insurance Services, you can relax knowing that you can have the coverage you need for your boat or personal watercraft," says Pete Steiner from the agency. "Just like automobile insurance, we make boat insurance easy to obtain, and this is even made easier by the reduced rate."

The boat insurance being offered by AC Insurance Services can be applied for through their website at <http://myacis.com/marine/>. Their policies, as always, come with a variety of options, so that people can take out the specialized cover they are interested in. Some of the options they can choose from include Total Loss

Replacement, On-Water Towing, and Roadside Assistance. None of these features are compulsory, and are down to the individual needs of the boat owner.

Steiner recommends that people take the time to review their different options. He adds: "Spending some time shopping for boat insurance coverage can help you choose the right boat insurance for your needs. With so many insurance agencies to choose from in South Florida, our goal is to provide you with all the information you need to make the right decision."

Those who have used the services of the insurance agency in the past have been very happy with the service and products they have received. "Marisol was amazing," says Rafael C. on the company's Facebook page. "She was definitely there for our best interest and got a great deal too. Thanks again."

AC Insurance Services offers comprehensive insurance products for all types of personal water crafts and boats. These include fishing boats, house boats, sail boats, pontoons, yachts, and any other form of boat. Their goal is to make sure people can find the insurance product they need, at a price they can afford. And even with their new discount boat insurance offer, they ensure that there is no compromise on the quality of the insurance policy that is provided.
