Day & Nite Doors Celebrates 29 Years Of Business

March 20, 2017

March 20, 2017 -
Placentia CA-based Day and Nite Doors was established in 1988 and has been installing and servicing residential, commercial and industrial doors since. The service area includes all of Southern California region.

Placentia CA: Day & Nite Doors, Inc and Nick Christy are pleased to announce that their business has been providing services in Orange County and all of the Inland Empire since 1988. The company has two office locations, one in Orange County and one in the Inland Empire, serving Orange County, Los Angeles County, Riverside County, San Bernardino County and the entire Inland Empire Region. The firm supplies automatic garage doors for the home, a high-quality storefront sliding door for a retail store or a large roll-up door for a factory or fulfillment center.

According to Nick Christy, ?Our combined knowledge total from Project Managers and Estimators is more than eight decades of commercial door experience. They have also had the benefit of field experience, are Certified Automatic Door Inspectors and have been factory trained for High-Speed Doors. All of our technicians in the field are factory trained, skilled and experienced. Our company is licensed, insured and bonded.?

The family-owned business has a philosophy of customer service first and has earned their reputation as a trusted service provider for residential and commercial doors. The technicians are efficient, experienced and trained to provide quality workmanship and fast response. The fleet of sixteen trucks provides fast access through all of Southern California. The estimates are provided at no-cost to customers.

Damaged doors represent a potential security risk for homes and businesses. Common repairs for commercial doors may be caused by accidents involving a vehicle, such as a forklift backing into the door. Such an accident can limit commerce for the business and can be a safety issue. Over time, commercial doors which show signs of wear and aging. D&N Doors repairs and installs commercial steel roll-up doors for warehouses, manufacturing plants and fulfillment centers. The company also services and repairs fire-rated doors for hazardous environments.
