

Vit Bike Grip Launched New Colors Onto The Amazon

March 23, 2017

March 23, 2017 - PRESSADVANTAGE -

SF Group in Pasadena, California, has recently launched new colors onto the Amazon marketplace for their bike grips. The company states that they now have white, black, red, and silver colors available.

Nell Vincent with SF Group says, "The product support palms and fingers to stay comfortable for long rides."

The company states that the grips, which can be seen on Amazon at <http://amzn.to/2IZ6Ytb>, are durable and safe to use. The company designs the grips from anti-slip rubber and aluminum alloy.

"We want our customers to trust that our grips are practical," says Vincent Nell. "It's easy to install these bike grips, just use a screwdriver to tighten them and adjust the horns to proper angle; very practical.?"

Nell Vincent states that in addition, the grips are fit to most standard-sized bikes like regular bicycles, sports bikes, mountain bikes, MTB, BMX, and many more.

The grips were launched onto the Amazon marketplace a short while ago and the company states that they were so very well received that they felt additional colors were warranted. They have not indicated whether or not new colors will be added in the future. For now, customers can choose from the four colors available and the grips are currently available for purchase on the Amazon marketplace.
