SF Group in Pasadena, California, has recently launched new colors onto the Amazon marketplace for their dog nail clipper. The company states that they now have blue & black and red & black colors available.

Nell Vincent with SF Group says, "These dog nail clippers come with super sharp round tip blades made of high grade veterinary approved stainless steel."

The company states that the dog nail clipper, which can be seen on Amazon at <http://amzn.to/2n6L7gB>, will stay sharp for years of home use. The company designs the dog nail clippers from high quality stainless steel and rubber material.

"We want our customers to trust that our nail clippers are sharp," says Nell Vincent. "With super sharp round tip blades, these dog nail clippers can be used on all sized dogs."

Nell Vincent states that in addition, the dog nail clipper has an integral depth guard that allows a maximum of 3mm of nail to be cut. He points out that the company designed them specifically with safety in mind.

The dog nail clippers were launched onto the Amazon marketplace a short while ago and the company states that they were so very well received that they felt additional colors were warranted. They have not indicated whether or not new colors will be added in the future. For now, customers can choose from the two colors available and the dog nail clipper are currently available for purchase on the Amazon marketplace.
