March 23, 2017 - PRESSADVANTAGE -

Pasadena, California based company, SF Group, has recently launched a new product onto the Amazon marketplace. The PS4 Cooler Pad is now available through the marketplace. Vincent Nell with SF Group says, "This product is vertical cooling stand to prevent PS4 from overheating which may cause fatal damage or burning, while also acts as super charging stations to dual shock controllers."

The product which can be seen at <http://amzn.to/2ncMThO>, is made of high quality ABS material. This product is durable and sturdy.

Vincent Nell also states this PS4 cooler pad comes with console vertical stand, dual cooler fan, dual shock charging station and 3 ports USB HUB.

"Not only does this keep playstation 4 from over-heating, it also supports a dual charging station to charge both controllers simultaneously using the built in USB ports," says Vincent Nell.

SF Group designed this product to be ergonomic, saving more space in the playroom for PS4 will be set in vertical stand rather than normally in horizontal. More can be seen on the company's Amazon seller's page.
