

Palouse Brand Introduces New Bundle Packs

March 22, 2017

March 22, 2017 - PRESSADVANTAGE -

Pullman-based Palouse Brand offers their new bundle packs to online customers. The US-grown products are available in any of nine different bundles.

Pullman WA: Palouse Brand is pleased to announce the release of a variety of product bundles, nine in all. Customers are encouraged to try all of the different prices at affordable prices. The new bundle packs can be seen at <https://www.palousebrand.com/products/variety-packs>. The product bundles offer the best way of getting the USA-grown products. The bundles features some of the favorite products grown and cleaned by the company. The ingredients are offered in larger amounts ranging from nine pounds to as many as 25 pounds.

The Bundles currently available include the Fall Favorites, Wheat Junkies, Bakers, Legume Lovers, Sprouters, Soup and Salad and No Soak Needed Bundle. There is also a Legume Trio. Depending upon the specific bundle or pack, customers can purchase Hard Red Spring Wheat, Hard White Wheat, Lentils, Green Split Peas, Garbanzo beans and Soft White Wheat Bundles. They are available in various combinations, perfect for cooking or baking use.

Brown Lentils are one of the fourteen types of lentils. Lentils also are available in red and green varieties. The Palouse Brand farms grown the Spanish or Pardina brown lentils, which are rare in North American grocery stores. The variety is tiny, with blue or purple undertones to the brown skin and a yellow inside. They have a strong nutty flavor and are the favorites in Spain and the Mediterranean. The variety is a top meat substitute, mainly because they are able to hold their shape even when cooked.

Food products from Palouse Brand are traceable to a particular field, planting date and harvesting date. The products are all certified Kosher Parve, non-GMO Project Certified and the farming methods are Certified Sustainable by the Food Alliance. The cleaning plant is focused on quality rather than quantity. The business is family owned and operated and the owners take pride in growing, cleaning and packaging products of the highest quality.
