March 22, 2017 - PRESSADVANTAGE -

AA Granite Fabricator Direct offers customers the opportunity to obtain a number of free offerings in order to make room for a new shipment of granite slabs. The company offers free fabrication, free installation, free edge and free sales tax.

Norcross GA: AA Granite Fabricator Direct and Paresh Shah are pleased to announce that they are offering many temporary discounts in order to clear the warehouse space for a new shipment arrival of slabs. The Atlanta warehouse contains the largest selection of granite countertop colors in stock . Customers can visit the display showroom and slab warehouse and hand-pick the slabs of choice. Currently, there are more than 1800 slabs in 200 different colors.

The special discounts for Atlanta custom granite countertops apply to twelve different color slabs choices, template making and custom fabrication. The company also provides custom installation, upgraded stone sealers, standard rounded corners and edge profile. Coring for up to three faucet holes and steel rods

embedded at sink cutouts. AA Granite pays for the sales tax and they ensure premium quality first choice, 3cm stone slabs. These discounts are available for a limited time.

The company has been in the stone countertop business since 1990 and has established itself as the premier supplier of marble and granite countertops for residential and commercial applications in the Atlanta area. The firm is an accredited member of the Better Business Bureau with an A+ rating. They are also a member of the Marble Institute of America.

According to a spokesperson for the company, "We strive to make granite installation in your home as seamless as possible. It can be done quickly and easily. The experienced staff guides customers through the entire process. The six-step process includes calling the company and answering a few questions about the project. The customer can then visit the showroom to discuss options. When the color is selected, the customer can sign the contract. An appointment is scheduled to create a template. Step #5 requires the customer to come back to view the layout of the template on the actual slab. Finally, the installation appointment is scheduled and completed.
