March 29, 2017 - PRESSADVANTAGE -

Pensacola, Fla. ? Warrington Pack & Ship Business Center, a leading business for Fedex shipping in Pensacola, is currently supplying Anytime Mailbox solutions with the intent to make the procedure of examining mail much more convenient for customers.

Anytime Mailbox is an application that permits individuals to see their mail without having to literally walk into a post office. The app lets post office workers take a photo of brand-new mail and post the pictures to a safe web portal. After the upload, individuals have the ability to see exactly what has been delivered and pick alternatives to open up and check the mail, forward it, or put it in the shredder.

?This is going to be a great addition to the services that we already offer here at Pack & Ship,? Thomas Armstrong said. ?We just want to make things as convenient as possible for our customers.?

For customers searching for a faster means to inspect mail, this is it. The Anytime Mailbox solution takes all the inconvenience and stress away from coming to the post office and finding an empty box. A customer now

won't even question whether or not they should make the trip thanks to Anytime Mailbox.

Warrington Pack & Ship Business Center will certainly make use of Anytime Mailbox, guaranteeing that its customers are handled by a post office in Pensacola, FL, that cares about value, speed, and good business.

Anytime Mailbox will be the next revolution in our office and we'll see to it that it finds a viable place in our customer's list of preferred services," Thomas Armstrong said.
