March 30, 2017

March 30, 2017 - PRESSADVANTAGE -

Fan Page Domination course by Anthony Morrison offers complete Facebook information. The new product launch reveals how to use Facebook's Fan Page feature to bring in a massive amount of traffic.

North Creek OH: Constant Profits Club is pleased to announce that the complete Facebook course created by Anthony Morrison is now available. Fan Page Domination is a well-designed internet marketing course by Anthony Morrison. The course creates a large email list and will generate a steady income stream. The training course provides an insight into how features of Facebook will help to create posts which are likely to go viral and generate thousands of page views, likes and shares within a short time.

The course shows how to use the four-stage model through the use of live examples and a real Facebook page in order to understand how the principles are implemented, regardless of the niche. Everything in the course has been explained in simple, easy-to-follow steps. Every part of the course is directed toward the point where steady income is coming in from the thank you page.

The author of the course, Anthony Morrison, is a successful internet marketer who has used his intuition and entrepreneurial skills to create a flourishing business. One of his companies, known as Morrison Publishing, is responsible for managing the subscription and delivery of this training course. Morrison uses his own fan page as an example instead of presenting a fake name with empty promises.

The FB marketing course has four distinct phases. The phases, consecutively are: Creating Your Facebook Fan Page; Build and Grow; Scale and Launch; and Monetize and Profit. The Benefits of completing the course include building a massive list, setting up a Facebook account, generating top notch content, generating consistent income from the fan page, and using Facebook Live fully to attract thousands of viewers sat the same time.

The powerful internet marketing training course has the potential to help build a massive Facebook marketing training course. Users will also be able to create an extensive email list and generate steady income from the 'Thank You? page.
