Chicago Dentist And Dental Implants Specialists Launches New Contest To Win A Free Dental Implant

June 16, 2015

June 16, 2015 -

Vicky Khawaja, spokesperson for the dental practice, 1st Family Dental, has announced that they have launched a new contest that allows one lucky person to win a free dental implant. She said that the reason why the company decided to run the contest again was because of the great response they got from their previous one. More information on the earlier contest can be found on the website of the Chicago dentist, which is at 1stfamilydental.com.

1st Family Dental stated that the new contest will run at all 11 locations, which are 5 in Chicago, 5 in suburbs of Chicago, and 1 in Tulsa. The dental practice made the following statement,

"We understand that Dental Implants are among the largest financial investments you can make in your oral health. At 1st Family Dental, we care about you and want to ensure the right solution for your individual needs."

In order to sign up for the latest contest, customers simply need to visit their online sign-up page, which can be found at 1stfamilydental.com/mothers-day-gift/. Here, contestants will be able to fill out a form towards the

bottom of the page.

1st Family Dental said that while they offer the most flexible and budget friendly implant plans, they completely understand that some people just don't have the available funds to invest in their oral health. They feel that this contest would be a great way to reach out towards those who really need a dental implant but just don't have the means.

The dental practice offers a large range of other services as well. These include oral exams and x-rays, root canals, cleaning, extractions, treatments of gum disease, fillings, and vessel line, pediatric dentistry and more. 1st Family Dental is also offering a new patient special, which can be found on their website. The practice also made the following comment,

"1st Family Dental offers a full range of general, specialty dental and orthodontic services for the whole family. With online appointment booking and convenient locations, taking care of your dental health needs for you and your family couldn't be easier."

To book an appointment, customers simply need to go to their website. There, they will find a green "Book An Appointment" at the top right of the site. This will load up a new window that allows customers the ability to choose a practice close to their area and then make the appointment.

1st Family Dental stated that when they were founded, they had one single vision, which was that people of all ages deserved to have excellent and affordable dental healthcare. They added that this vision holds true whether or not a person has dental insurance. Vicky Khawaja stated that they are extremely excited with the new contest and believe it is a great way of backing up this vision, and urges all interested parties to sign up for this latest contest as soon as possible. For more information on the dental practice and their latest contest, please visit them at their website. Here, customers will also be able to call them directly by telephone or to email them if they have any further questions.
