Eco Camp Stove 2 Launched On Amazon

April 03, 2017

April 03, 2017 -
Walnut, California based company, Protiga Group, has recently launched a new product onto the Amazon marketplace. The Eco Camp Stove is now available through the marketplace. Sarah Dykes with Protiga Group says, ?This product is a portable stove that fits in the pocket. Lightweight and portable, it?s perfect for camping and hiking trips outdoors.?

The product which can be seen at http://amzn.to/2nJallb, is made of stainless steel and aluminum mix material. The material makes it rustproof and durable. It will be a travel partner for years.

Sarah Dykes also states this product uses the Piezo ignition system, burning consistent flames that are easily adjustable. It fits all butane or propane fuel mix canisters.

Protiga Group designed this gas cooker to use minimum fuel to boil or roast quickly and efficiently. No soot or debris will be left after cooking, making it safe for nature. More can be seen on the company's Amazon seller's page.
