Protiga Group Launches New Sizes For Go Pet Life Jacket

April 03, 2017

April 03, 2017 -
Protiga Group in Walnut, California, has recently launched new sizes onto the Amazon marketplace for their dog life jacket. The company states that they now have small, large, X-large, and XX-large sizes available.

Sarah Dykes with Protiga Group says, ?These dog life jackets are a perfect protection for dogs, and we've provided sizes that are sure to fill virtually every need.?

The company states that the dog life jacket, which can be seen on Amazon at http://amzn.to/2n62lfq, can be used to increase visibility of dogs at night with its reflective stripes. The company makes the dog life jacket from 420D Oxford polyester which has been shown to be durable, thick, and lightweight.

?We want our customers to know that our dog life jackets are super reliable,? says Sarah Dykes. ?Worry no more about furry friends getting lost in the night or drowning with Go Pet Life Jacket. Now dogs can safely swim, go kayaking, hiking, camping, or walking at night.?

Sarah Dykes states that the dog life jacket is very comfortable and lightweight. It is made of premium grade oxford polyester and EPE material which is very sturdy and durable. For all the functionality, it only weighs 0.5 lbs, to give maximum comfort and reduction in fatigue for dogs wearing it.

The company states that the dog life jacket comes with a convenient top grab handle which makes it easy to add control to the dog?s movement either when attaching them to a boat hook or walking with them.

The dog life jackets were launched onto the Amazon marketplace a short while ago and the company states that they were so very well received that they felt additional sizes were warranted. They have not indicated whether or not new sizes will be added in the future. For now, customers can choose from the four sizes available and the dog life jackets are currently available for purchase on the Amazon marketplace.
