

## **Raxx Luggage Racks Harley Davidson Touring Models Now Available From Pro Pad Inc.**

*June 16, 2015*

June 16, 2015 - PRESSADVANTAGE -

Mike Enzwiler, president of the Pro Pad Inc., has announced that customers are now able to get their hands on Raxx detachable luggage racks through their online store. These racks are available for the 2009 Harley touring bikes to present day models with the 4 point docking station.

Mike stated that customers will love these sleek, low-profile detachable luggage racks, which are made from 11ga steel. He added that they will appreciate the extra design that is manufactured into the racks that made it easy to take them on and off.

Currently, there are three Raxx detachable luggage racks that customers can choose from, which are the Detachable, Folding Luggage Rack with Brake Light, Eclipse Quick Detachable Rack in Black or Polished Stainless and the Skull Quick Detachable Rack in Flat Black. All three products come with a 5 year warranty, and if customers need to get detailed information on the warranty, they are encouraged to contact Pro Pad by email, or to call them directly via their toll-free number, which can be found online.

Pro Pads' Detachable, Folding Luggage Rack with Brake Light offers customers a choice of 3 finishes, which

are Polished and Black, All Black, and All Polished.

Mike Enzwiler said that the company is very excited with their latest addition of Raxx detachable luggage racks. He added that their goal is to provide the customers with many options so they can get the best experience from their motorcycles. He also made the following statement on his website,

"Throughout the years, products and trends have come and gone, but the core lines remain: Pads, flags, and mounts- all made here in the USA (NC to be exact), all with the same commitment - give our customers the best products and the best service, not because they demand it, but because they deserve it."

Pro Pad Inc. is a family owned manufacturer of motorcycle parts and accessories. For many years, they have been producing motorcycle seat pads, motorcycle flag mounts and motorcycle gel seat inserts. They feel that their addition of Raxx detachable luggage racks helps to complete the range of products they have, but stated that they will always strive to search for more ways to provide their customers with the satisfaction they deserve. He also made the following statement,

"Today, our family has grown to include adoptive members that care as much as we do about providing products of high quality for enhancing comfort and style. Whether our family is sewing, pouring inserts, polishing, or assisting one of our bike-loving customers, it is done with the same commitment: best product, best service."

To find out more information about the company or their addition of Raxx detachable luggage racks, Mike invites all interested parties to go to Pro Pads' website. Here, they will be able to browse through all of the products the family-owned manufacturer has made available, and there is also a dedicated FAQs page to help answer many common questions that have been brought forward by customers in the past. They also encourage customers to email them or call them directly by phone.
