April 03, 2017

April 03, 2017 - PRESSADVANTAGE -

JC Plumbing Green offers full plumbing services to La Mesa customers. The La Mesa plumber has been operating for nine years in the area.

La Mesa CA: JC Plumbing Green and Victor Jimenez are pleased to announce that the professionals have reached a milestone of nine years in business. The La Mesa plumber serves area residents who need affordable prices for excellent quality services. The firm waives the trip fee for all service calls in the San Diego County during regular business hours. JC Plumbing is rated A+ by the Better Business Bureau and is fully licensed, bonded and insured. Their reputation is based on reliability and trustworthiness.

The experts associated with the company have more than fifteen years of experience in the industry. The services which are available from the firm include toilets and faucets, camera inspections, hydro-jetting and rooting and garbage disposals. Customers looking for gas leak detection or copper repiping. Residential and commercial plumbing are handled on a 24-hour basis.

According to Victor Jimenez, "We believe in fair prices for both home or commercial services, so rather than spending hours searching for a plumber near me take our word, we always have the best deals possible and more options than anyone else around. By keeping our plumber cost at a competitive rate, we can offer an affordable quality service. Whether you're seeking a better plumbing quotes or maybe only looking for a more reliable plumber, we have everything to meet the expectations for your home or business. Our staff is highly trained licensed professionals, and by saving you time and money, we can give you a better job each time you need us."

Additional services which are available to clients include bathtub and shower repair, water pressure issues, They can install or repair walk-in tubs, water heaters and filtration systems. For clients in need of kitchen and bath repair or water leak detection. The team focuses on offering a wider range of service options than most other companies in the area. This provides both residential and commercial customers with better choices.
