April 03, 2017 - PRESSADVANTAGE -

Best Boca Raton Landscaping offers customers the skills and knowledge gained in thirty years of experience. The firm has completed thousands of projects for both residential and commercial properties.

Boca Raton FL: Best Boca Raton Landscaping and William Reeves are pleased to announce that they have reached a milestone of thirty years of landscape design, renderings, drawings, hardscapes, outdoor kitchens and water features for residential and commercial property owners. The projects have been completed by South Florida's best landscape architect and installation team for homeowners, property managers or builders. The team has won multiple awards and certifications such as the Association of Professional Landscape Designers.

According to a spokesperson for the company, "We can install a beautiful water feature, pool, palm trees or other rare plants which are not easily available. Regardless of what you have in mind, we know you are searching for a company that doesn't talk over you, rush you, use a hard sell, or spending your entire savings account. We pay attention to time deadlines and budget constraints and we don't ignore the little details. We are always on call and we clean up after ourselves."

"Our team's background and expertise bring you a product that no one else can produce," he continues. "We can source a unique plant species and come up with the most creative designs, lights, walkways, paths, gardens and pools for you to enjoy for the rest of your life."

Boca Raton and Palm Beach County, Florida is a beautiful place to live. The firm of professionals includes several horticulturists on staff along with three full-time dedicated and licensed landscape architects. The team is able to draw and render any project, as well as to execute the installation flawlessly. They own the landscape construction company as well. They are licensed, bonded and insured and will do the entire installation.

Large or small projects including landscape design, landscape architecture and pool decks. The projects

have ranged from water designs to outdoor lighting and palm tree care. The professional team can design and install a full outdoor kitchen.
