

Mobile Mechanic Las Vegas Business Celebrates Fifteen Years In Operation

April 03, 2017

April 03, 2017 - PRESSADVANTAGE -

La Vegas Mobile Mechanic offers solutions for car issues to motorists on The Strip or elsewhere. The professionals respond quickly to service calls.

Las Vegas NV: Las Vegas Mobile Mechanic and Robert Galvin are pleased to announce that they have reached a milestone of fifteen years in business. The mobile mechanic Las Vegas professionals are ready to serve customers and get the vehicle repaired correctly and quickly. Vehicles of every make and model are repaired, irrespective of where the vehicle is located. The pros can respond to a customer stranded on The Strip or one having car issues elsewhere in the area.

The team of auto technicians are devoted to investing in the latest technology and education, believing that having innovative equipment and techniques will guarantee top quality vehicle repair. The commitment to continued education and training is vital to ensuring that customers get quality workmanship done with precision and accuracy, and ultimately, to continue being the people called when a car problem arises.

Robert Galvin explained to an interviewer recently, "With over fifteen years in the Las Vegas Valley, we have helped thousands of motorists get back on the road with confidence that their vehicle will get them to where they want to go. We make every effort to build trust with each of our customers. We want them to feel comfortable in recommending us to their friends and neighbors. We appreciate each of our Vegas clients who have helped us to build our business over the years."

Some of the services which are available from the knowledgeable technicians include AC repairs and charging, brake replacements and computer diagnostics. The mechanics can take care of common problems such as alternators, starter replacement, belt replacement and glass replacement. If needed, the pros can do a pre-purchase car inspection and can check and replace ignition switches, locks and cylinders. The list of services includes mobile diesel mechanics, and 24-hour service is available. Routine maintenance chores and tune-up are part of the services available to customers.
