

Dr. Gary Dumais Records Participation in Multiple HR Associations

April 03, 2017

April 03, 2017 - PRESSADVANTAGE -

Select Human Resources skills and programs are applied to assist worldwide companies and organizations in enhancing and developing human resources. The professional team members bring years of expertise to the clients' people and procedures.

Philadelphia PA: Select Human Resources and Gary Dumais Psychologist are pleased to report that the doctor and the organization are active in peer groups and associations in Philadelphia, Pennsylvania and nationally. This participation benefits business clients as well as the peer organizations. The doctor and his associates are focused on developing employees and potential employees through identifying talent. The expertise of the staff is applied in pre-hiring decisions, as well as promotion decisions. The experts also provide development goals and coaching for executives. These skills are applied in the assessment of people's talents, potential and capabilities.

The skills which the firm brings to SelHR clients include team building, psychological assessment, human

resources enhancement, leadership growth and coaching for executives and would-be executives. Business clients can access the skills of the Select HR team for staffing and recruiting qualified employees, development of the organizational structure, management of all human resources and help in identifying and managing talents within the employee pool.

More specifically, the expertise of the HR professionals assists with tasks such as pre-hire assessments of prospective employees, employees looking for possible promotion and development and coaching to executive team members. The planning for employee development and assessment of those interested in career transition is facilitated with professional assistance from Select HR.

Extensive psychologically based information about human behavior, as well as scientific assessment tools and techniques are provided by Dr. Gary Dumais Philadelphia psychologist. Client customers are offered valuable insight for selecting, leveraging and developing crucial human resources. Gary Dumais and the team at Select HR helps in making smart decisions about promoting and hiring. Development of individual talents within a company benefits both the person and the employer.

Dr. Gary Dumais holds a Psy.D. From the Illinois School of Professional Psychology. His wide experience as a business psychologist and HR pro includes assessment tools to select talent, develop leadership and promote executive development. His credentials include certification as a Senior Professional in Human Resources (SPHR).
