

Aurora Dentist Launches New Website

April 11, 2017

April 11, 2017 - PRESSADVANTAGE -

1st Family Dental of Fox Valley in Aurora, Illinois, recently announced the redesign and launch of their official company website. The Aurora dentist is located near the border of Aurora and Naperville, and provides general, cosmetic and restorative dentistry, as well as orthodontics and dental implants to those in Aurora and surrounding communities.

Vicky Khawaja with the practice says, "We wanted to make our site more appealing and easier to navigate for our patients so we decided to completely overhaul it and give it a new look."

The site now offers emergency patient information as well as general information about the services provided, payments accepted, and locations. Khawaja says that to celebrate the new website launch, the practice is offering a special where patients can save more than \$250 on braces.

"We do a lot of braces & orthodontics," says Khawaja. "People want a smile that they can be proud of and we want them to have it. In addition to orthodontia, we can provide implants and various cosmetic procedures to get you the smile that you have always wanted."

The practice's full service clinic opened in January 2010 and is located in Aurora near the Fox Valley mall,

and only a couple miles from the Naperville border. Khawaja states that they love supporting the local community and are members of their local Chamber of Commerce.

The practice states that their new site offers information regarding their various procedures. This is designed to give patients the information they need to make the right decisions about their dental care and to help alleviate any worries or concerns that they may have prior to visiting the office. Yelp reviews from current and past patients as well as directions to the office location and contact information are also included on the newly designed site.

Those interested in learning more about 1st Family Dental or in scheduling an appointment for any of the dental services that the practice provides can contact the dental office directly or visit the company on their newly redesigned site at <https://foxvalley.1stfamilydental.com>.
