

Elizabeth Engen, Owner of Premier SEO Ninjas Nominated For 2017 Entrepreneur of the Year Award From Minnesota Chamber of Commerce.

April 04, 2017

April 04, 2017 -

Minneapolis-based Premier SEO Ninjas celebrates their nomination for the Minnesota Chamber of Commerce 2017 Entrepreneur of the Year Award. In a short span of time, the agency has grown to become one of the world's most respected SEO service providers.

Minneapolis MN: Premier SEO Ninjas and founder Elizabeth Engen are pleased to announce that they are honored to have received a 2017 nomination for the Entrepreneur of the Year Award from the Minnesota Chamber of Commerce. The Agency had modest beginnings in 2009 and has grown to become one of the world's most respected and most sought after providers of high-quality, high-impact search engine optimization services to help businesses crush their competition. Clients have been helped to multiply the bottom line, create a brand image and define the success of their organization.

The search engine optimization Minneapolis agency offers more than just SEO. Search engine optimization is

only one part of the entire range of successful digital marketing services. It is equally important to use web design and development, social media marketing, link building, video marketing and brand development.

According to founder Elizabeth Engen, "We are the only Minneapolis SEO agency that has the courage to guarantee Page 1 results in Google's search engine results pages for our clients. No other firm has the guts to make the same claim, simply because they know that they will fail. For us it is a target which can best be achieved by putting together the best minds in the industry. We have ranked for thousands of keywords for virtually all of our clients."

"We have been in the Mastermind groups of the world's top 1 percent of SEO companies," she continues. "We are always looking for better ways and strategies to help our clients gain the best for their respective businesses."

The professionals associated with the firm are always current with the many updates issued by Google. In 2015, there were more than 256 updates which caused many of the long-time first-ranked listings to lose ground. Some of their competitors grew complacent in their efforts for clients. The guarantee shows that Premier SEO is serious about the work they do.
