Starbound Marketing provides free social media evaluations for small to medium-sized businesses throughout the United States. The agency emphasizes helping local businesses in Monterey County, as well as nationally.

MONTEREY, CA: Starbound Marketing, and Katherine Ryan, CEO and Founder, are pleased to announce the launch of their no-charge social media evaluation for businesses across the nation. The company is dedicated to assisting small businesses and mid-sized businesses throughout the United States to get ahead using the tools of social media marketing and advertising. Although they emphasize helping businesses in Monterey County, they are also able to reach outside the city and state as well.

Speaking in an interview, Katherine Ryan, Starbound Marketing's CEO and founder, explained, ?The time is now for businesses to get ahead with social media marketing and advertising, This is what will propel businesses ahead of their competitors. There is no more exciting time than the present."

At Starbound Marketing Agency, the team helps small businesses highlight what sets them apart from their competitors. They help businesses define their differences and communicate their value through social media marketing and advertising. Starbound Marketing provides more leads, more customers, and more revenue.

SMA provides cutting-edge expertise for businesses which don't have the time, people, or resources to master the latest digital marketing advances. The team understands that the internet and social media platforms are constantly evolving, and most business owners don't have the time or interest to keep up.

Not only does the Starbound team provide marketing and advertising, they provide creative ideas for businesses and implement them. Prior methods of marketing and advertising alone will not work. Defining a business's brand story creatively and uniquely will achieve a bigger following, longevity, and more revenue. People, in general, want something they can connect to. It doesn't have to be complex, in fact, the simpler the better.

The company encourages business owners to take advantage of the agency's offer of a social media evaluation at no charge to the business. There is no obligation and no pressure applied, just suggestions for improving the bottom line of the business.
