Tastie Pretend Food 2 Launched On Amazon

April 07, 2017

April 07, 2017 -
Walnut, California based company, Protiga Group, has recently launched a new product onto the Amazon marketplace. The company's Tastie Pretend Food has become available through the marketplace.

Sarah Dykes with Protiga Group says, "Finding fun and educative toys for children is really tricky. This pretend food is recommended to improve creativity and enrich children's vocabularies."

The product, which can be seen at http://amzn.to/2oPCWpl, is made of ABS material which makes it long lasting for years according to Sarah Dykes. She states that the pretend food can improve children's cocabularies and creativity while playing along with this product.

"Children and even parents are going to find that this pretend food really educative and safe to use at the same time," says Sarah Dykes. "Children can use it to distinguish kinds of food in a fun way. If the customers are looking for safe pretend food which has an educational benefit, this is the best product to choose."

Sarah Dykes states that pretend food products can be a perfect gift for beloved children through its unique and colorful pieces.

Protiga Group designed the Tastie Pretend Food using non-toxic ABS material which really safe for the children . The company states that the new product can enrich children vocabularies and knowledge in a fun way. More can be seen on the company's Amazon seller's page.
