

Castle Doors & Windows Sets Grand Opening Date

April 11, 2017

April 11, 2017 - PRESSADVANTAGE -

Spring TX-based Castle Doors & Windows has released the planned Grand Opening date of April 21, 2017 for their new business. The small but beautiful showroom features finished and installed doors.

Spring TX: Castle Doors & Windows and owners Tom and Amy Regan are pleased to announce the date for their business' Grand Opening in Spring, Texas. On April 21, 2017 from 4-6 PM, the owners invite friends and customers from the surrounding area to celebrate their grand opening and meet AM 700 KSEV radio personality Lance Roberts. The business features brand name products from the top manufacturers in the industry. The company exists to provide the best combination of quality, service and pricing on doors and windows.

A spokesperson for the business explained, "Our quality stems from buying products by top manufacturers and using expert installers while being careful about the details. Our service standard comes from following the Golden Rule of our Christian faith, and from treating our customers like family. We keep pricing reasonable by maintaining low overhead costs. You can check out fourteen examples of finished and installed doors which are featured in our beautiful showroom."

The company features doors from several fine door manufacturers, including Glasscraft, MAI Doors, Bevel King Doors, Therma Tru Doors, Acadian Iron Works, and Arlene's Stained Glass. Irrespective of the customer's needs, the company carries almost any door to fit the requirements. The construction materials include steel, wood, forged iron and fiberglass in styles ranging from modern contemporary to solid wood to decorative glass. Wrought iron, divided glass and craftsman doors are also available in the inventory.

High quality vinyl replacement windows with excellent warranties are installed by experienced personnel who have years in the industry. Homeowners who experience cold air drafts in winter or high cooling costs in the summer should look into replacing builder grade windows with the quality products by Lansing Windows.

Lansing Building Products has been supplying superior exterior building products to contractors since 1955. They are proud to offer premium windows and patio doors which offer a fresh perspective on vinyl new

construction and replacement products.
