

Open Minds Hyderabad Primary Schools Ranked Best In Hyderabad For Six Years

April 17, 2017

April 17, 2017 - PRESSADVANTAGE -

Hyderabad-based Open Minds offers a top curriculum with academic, artistic and sports components. It is part of the DSR Educational Society, the educational initiative of DSR Group.

Hyderabad IND: Open Minds Hyderabad is pleased to announce that it offers a progressive world-class academic curriculum based on the best global practices. The well-researched sports curriculum focuses on age appropriate physical development. A unique art curriculum offers a variety of mediums such as visual arts, theater, speech and drama and music and movements for students to express their creativity. The Birla School is part of the DSR Educational Society, the educational initiative of DSR Group.

After being in the real estate and construction business for more than 25 years, the Group entered the education space. It was their intent to provide quality education to assist in moulding complete personalities for the years to come. The DSR partnered with Birla Edutech Ltd to cater to the pre-school and K-12 school categories. The Globe Tot'ers is a Birla Pre-school brand which serves as a solid foundation for the main school. The pre-schools have been rated as the best schools in Hyderabad for the last six years.

Extensive research in child learning, discovery and creative engagement is reflected in the thoughtfully planned curriculum for grades 1-4. The curriculum follows a thematic approach where all the subjects draw the progression of learning. All subjects are integrated with one another and learning is a continuous process through different activities. End-of-theme summative assessments are informed to ensure timely feedback on the degree of achievement of individual performances.

The Middle School Curriculum is one-of-a-kind but merges seamlessly with the CBSE/IB/IGCSE Boards. Till Grade 7, a unique curriculum is offered, while Grade 8 and forward, the curriculum is designed to keep the Board exams in mind. The purpose of the curriculum is to connect the theory taught to the practical experience outside the classroom. Life skills, physical education and outbound programmes are also an essential part of the Middle School curriculum.
